Modern HR & Payroll for Public Sector

dayforce | OnActuate
Inspire · Deliver · Excellence

Public sector HR teams are under pressure to do more with less - navigating workforce shortages, an aging workforce, complex compliance requirements, and rising expectations for transparency. Legacy systems and disconnected data make it harder to recruit, retain, develop, and support employees while keeping costs and risk under control.

Dayforce is a unified HCM platform for HR, payroll, workforce management, talent, and analytics. **OnActuate helps public sector organizations** implement, integrate, and optimize Dayforce for long-term success.

Why OnActuate for Dayforce

Most partners know one system. OnActuate connects your whole stack.

Dayforce, end to end
Evaluate, implement, fix, or expand.

HCM + ERP, one partner
Dayforce and Microsoft Dynamics 365 on Azure.

Public Sector specialists
Understand complex requirements.

People-first, risk-aware
Practical solutions. Fewer surprises.

AI across the enterprise
Connecting HCM, ERP, and beyond.
