

Payroll

An always-on payroll system that pays your people accurately, on-time, and when they need it

Take advantage of an intelligent payroll solution that automates payroll processing, and comes with integrated funding, and payment services. Dayforce empowers your payroll team to access and audit data continuously throughout the pay cycle instead of waiting until the pay period closes. This provides them with more time for reviews and audits, helping with a more complete and accurate submission, whether it's a regular payroll or on-demand. Dayforce makes it easy to pay your people when they need it, helping to improve employee wellness and engagement, while minimizing impacts to your administrators.

Drive efficiency

Eliminate manual, tedious, and outdated processes, helping you keep your data accurate and your team efficient.

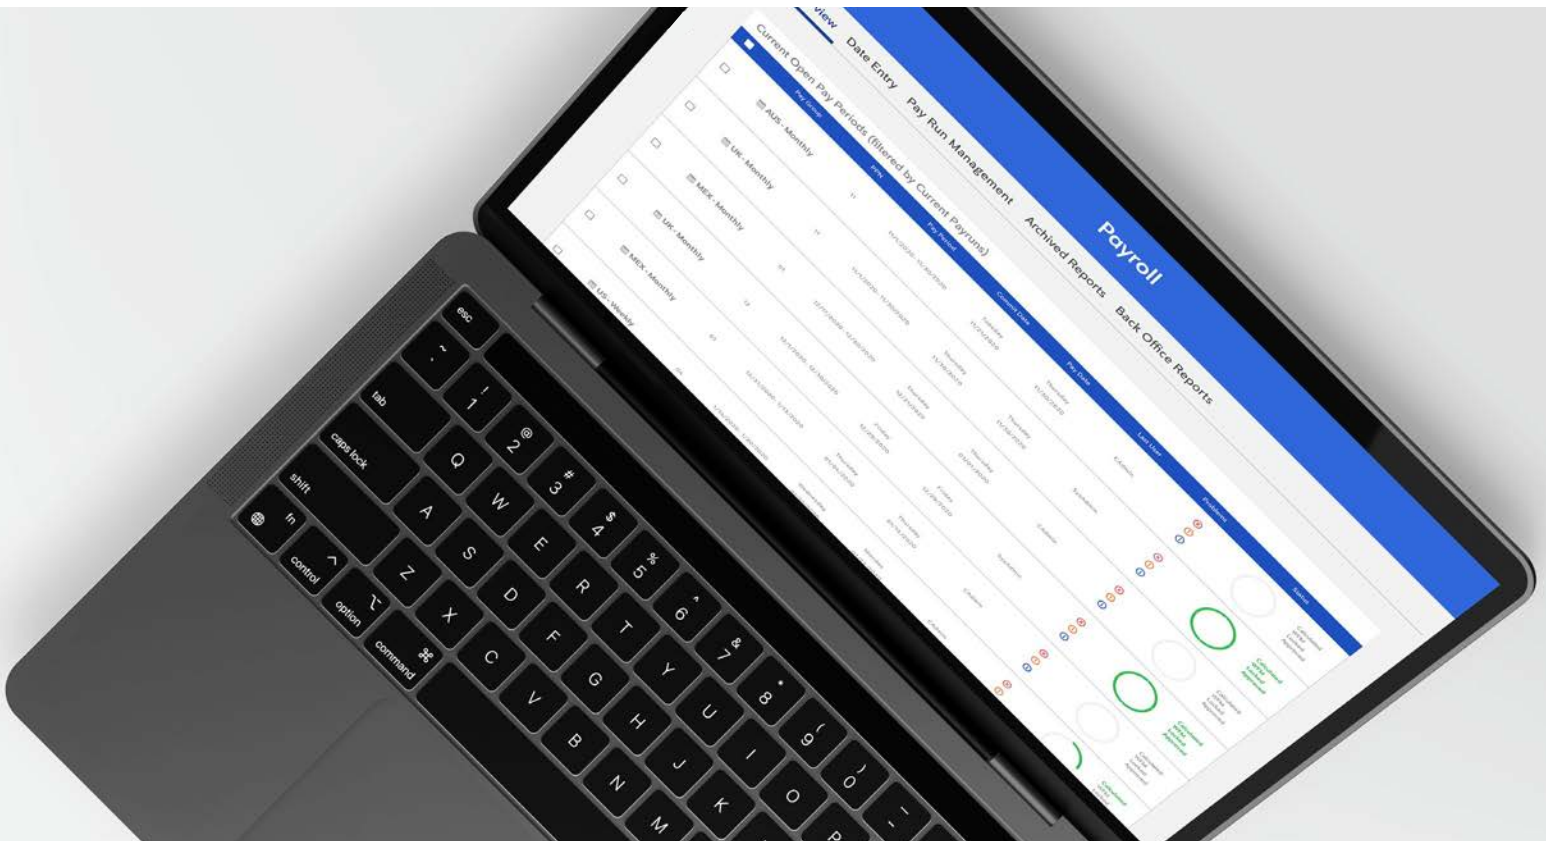

Mitigate risk

Flexible rules can help you manage compliance complexity and policy requirements to help reduce risk.

Support wellness

Boost productivity and promote financial wellness by enabling employees to get paid on their terms..
