

OnActuate Managed Services

Trusted Extension of Your IT Team - Simplifying Transformation, Maximizing Value

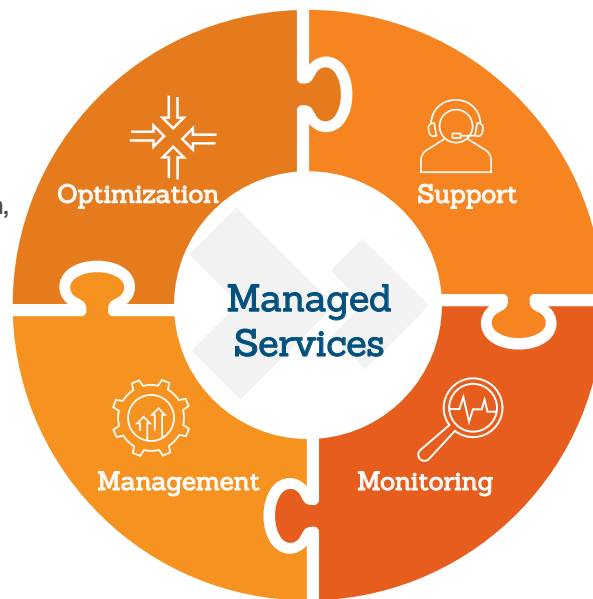

OnActuate makes business transformation simple, affordable, and always within reach. Our global Microsoft Dynamics and Dayforce experts deliver flexible, around-the-clock support so you can resolve IT challenges faster and more cost-effectively.

Optimization

Dynamics 365 App Suite workshops with Power Apps & Power BI training, test automation, and AI education.

Management and Maintenance

Active Directory, server performance, database management, remote accessibility.

Expert Support

Bug fixes, hot fixes, release deployments, new feature rollouts, bridging knowledge gaps.

Monitoring

Trace Parser, Performance Monitor, DynamicsPerf, Intelligent Data Management Framework.

Where We Add Value

- Microsoft Dynamics 365
 - Finance, Supply Chain Management (AX)
 - Business Central (NAV)
 - Customer Engagement (CRM)
- Dayforce HCM

Why Customers Choose Us

- **Faster response times** than traditional support models.
- **Global coverage** - available wherever you operate.
- **Proven expertise** as a Microsoft & Dayforce partner.
- **Lower cost** compared to hiring in-house or ad-hoc consultants.
- **Upside potential** - beyond support, we help optimize, automate, and unlock new business value.

“

When there is a system issue, we need it addressed right away. We are impressed with how quickly the OnActuate team responds.

- Operations Manager, Global Investment Firm
