

**MINT HEALTH + DRUGS & ONACTUATE:**

# From Manual to Modern: Pharmacy Streamlines Hiring with Dayforce

## About the Customer

Mint Health + Drugs is a pharmacist-forward company rooted in the belief that real healthcare starts with real connection.

## The Challenge

Amid growth, Mint set out to better leverage Dayforce recruitment and onboarding to cut manual work, close communication gaps, and improve the hiring and the onboarding experience.

## Our Approach

OnActuate's HCM experts used Dayforce automation to transform Mint's manual, multi-location recruitment into a seamless online experience, speeding up hiring, cutting admin work, and freeing teams to focus on patient care.

## The Impact

The Dayforce transformation reduced hiring bottlenecks, made onboarding faster and more consistent, cut HR admin work, and gave new team members a smoother start.

## Why OnActuate

- Experts in Dayforce HCM for single and multi-location organizations
- Ongoing optimization and managed support
- People-first, process-driven for strong user adoption
- Support integration between Dayforce HCM and Microsoft ERP
- Long-term partner delivering scalable, AI-powered solutions

*We're grateful for OnActuate's invaluable collaboration with us. Through their proficiency in configuring Dayforce, we successfully automated and streamlined our onboarding process, resulting in significant time savings for our HR team.*
